RULES

- 1. Split players into two teams.** Space the game boards 27 feet apart, their lower front edges facing.
- 2. Assign half of each team to each board.** Player 1 on Team A stands left of the board on his side, while Player 2 on Team A stands right of the board on his side, and so on, so that teammates face each other directly—not diagonally—across the “field.”
- 3. No part of a player’s body may cross the foul line,** marked by the front of the board.
- 4. Standing behind the foul line, a player throws four beanbags at the far board.** Then his opponent throws four beanbags at the same board.
- 5. The opponent may bump** the first player’s beanbags off the deck.
- 6. Beanbags that hit the ground before the deck or touch the ground after landing on the deck don’t count and must be removed prior to the next toss.**

POINTS

- Beanbags landing on the deck earn **1** point.
- Bags landing in the hole earn **3** points.
- A bag that is pushed into the hole by an opponent’s bag is awarded **3** points.
- A bag knocked off the deck earns **0** points.
- Opposing points cancel each other out, so the score for each round is the difference between points. If Team A scores **4** points, and Team B scores **3** points, Team A records **1** point for the round.
- The first team to earn **21** points wins!
- If the first team to toss earns or exceeds the **21** points needed to win the game, the opposing team is allowed to toss its remaining bags from that round.
- In the event of a tie, a single-bag, sudden-death toss-off determines the winner. Players alternate tossing a single bag until someone loses.

SCORE CARD

Cross off one beanbag for each point your team earns. The first team to mark off 21 beanbags wins!
